

# Westlife - When You Come Around

Tom: G  
Intro: G D Am Am7 D

G  
The day I was leaving  
D  
I was feeling insecure  
Am  
I thought that I'd thrown away  
All of those days  
Am7 D  
And what we had before  
G  
And now I believe it  
D  
After what you had to say  
Am  
I thought about every day  
In every way  
Am7 D  
And this is what I'll say now baby  
  
G  
You don't have to worry  
D  
'Cause everything's all right  
Am  
I know that you'll get me  
Am7 D  
That you'll get me through the night  
  
G  
When you come around  
D  
You know you pick me up when I'm feeling down  
Am  
And I want you to know  
Baby how can I show  
Am7 D  
Do I have to scream and shout?  
G  
When you come around  
D  
You only have to smile and you knock me out  
Am  
But I'm here on the floor  
And I'm begging for more  
Am7 D

Baby that's what love's about  
  
G  
There's so many reasons  
D  
Why our love is guaranteed  
Am  
So many reasons why  
I can't hide  
Am7 D  
Just what you mean to me  
G  
So say what you're thinking  
D  
While you're sitting next to me  
Am  
Let all your feelings show  
Just let me know  
Am7 D  
Just how it's meant to be now baby  
  
G  
You don't have to worry  
D  
'Cause everything's all right  
Am  
I know that you'll get me  
Am7 D  
That you'll get me through the night  
  
G  
When you come around  
D  
You know you pick me up when I'm feeling down  
Am  
And I want you to know  
Baby how can I show  
Am7 D  
Do I have to scream and shout?  
G  
When you come around  
D  
You only have to smile and you knock me out  
Am  
But I'm here on the floor  
And I'm begging for more  
Am7 D  
Baby that's what love's about (Repeat to fade)
