

W.E.T - Love Heals

tom:

E

Badd9
There's a voice that's crying from a wasteland

Aadd9
Says I don't know where to go from here

Badd9
I've been caught so long here in the wasteland

Aadd9
The days and months turned to years

Badd9 **Aadd9**
Noise inside my head

Badd9 **Aadd9**
It scares me half to death

E
But love heals

Abm
Love feels alive

Dbm
Cause love's here

Aadd9
When you're by my side

E
And love frees

Abm
Love's real this time

Dbm
Love sees

Aadd9
The man here inside

(Badd9 Aadd9) (2x)
Love heals

Badd9
I have tried so hard to be a sane man

Aadd9
But my demons never disappeared

Badd9
I have hurt you, cursed you, but you still stand

Aadd9
Helping me to see my fears

Badd9 **Aadd9**
Noise inside my head

Badd9 **Aadd9**
It scares me half to death

E
But love heals

Abm
Love feels alive

Dbm
Cause love's here

Aadd9
When you're by my side

E
And love frees

Abm
Love's real this time

Dbm
Love sees

Aadd9
The man here inside
