

Whisky David - Charley

Tom: D

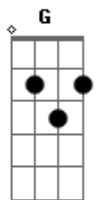

I had a little dog, a long time ago
 The only friend i ever had
 Just a little, little shaggy dog
 It wasn't really bad
 I used to take him out in the street
 Everywhere i went
 Down to the pumping well
 Then on that bar of walking
 A motor hit him
 And i heard the news
 He used to wake me up
 Every day
 With his beady eyes
 And his feet
 Scratching at my face, telling me it was time to rise
 Out into the street
 Over to the part
 Where he could run and play

But now that's all over
 'cause a motor hit him
 And took him away
 Charley my little friend
 Charley my little dog
 Charley charley my only friend
 Charley he was so nice
 Charley don't you love daddy
 Charley charley my only friend
 [Solo]
 Charley my little dog
 Charley my little friend
 Charley only friend i ever had
 My little dog, he wasn't really bad no no no
 And now he's gone, that's why i feel
 So very sad...sad
 He used to wake me up, every day
 With his little beady eyes, and his little feet, his little feet, scratching at my face
