

# Whisky David - Charley

Tom: D

I had a little dog, a long time ago  
 The only friend i ever had  
 Just a little, little shaggy dog  
 It wasn't really bad  
 I used to take him out in the street  
 Everywhere i went  
 Down to the pumping well  
 Then on that bar of walking  
 A motor hit him  
 And i heard the news  
 He used to wake me up  
 Every day  
 With his beady eyes  
 And his feet  
 Scratching at my face, telling me it was time to rise  
 Out into the street  
 Over to the part  
 Where he could run and play

But now that's all over

'cause a motor hit him  
 And took him away  
 Charley my little friend  
 Charley my little dog  
 Charley charley my only friend  
 Charley he was so nice  
 Charley don't you love daddy  
 Charley charley my only friend

[Solo] D G A D G A

( Bm A D G A G D A )

Charley my little dog  
 Charley my little friend  
 Charley only friend i ever had  
 My little dog, he wasn't really bad no no no  
 And now he's gone, that's why i feel

So very sad...sad

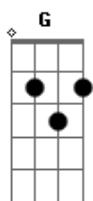

He used to wake me up, every day

With his little beady eyes, and his little feet, his little feet, scratching at my face
