

White Lies - Hold Back Your Love

Tom: Gb

(forma dos acordes no tom de G)

Afinação: Eb Ab Db Gb Bb Eb

[Intro] G Em C

I go out, right out

For a heart in the heartless town

I'd come unwell

And this love, my love

Isn't all that I thought it was

Am I no one, without someone to need me

Hold back your love

you know that I've had my doubts

Wanna see what I feel without

Every feeling is streaming out, now you know that I need it

Hold back your love

You know that I've had my doubts

Wanna see what I feel without

Every feeling is streaming out, now you know that I need it

I go out, right out

With the world nearly falling down

I go on out

And I saw, no love

A town that's guilty of breaking more

No one adored, trying to reason and pleading

Hold back your love

you know that I've had my doubts

Wanna see what I feel without

Every feeling is streaming out, now you know that I need it

Hold back your love

You know that I've had my doubts

Wanna see what I feel without

Every feeling is streaming out, now you know that I need it

If I'm dreaming where do I go

Lost my feeling, so how will I know

If I'm dreaming where do I go, (hold back your love)

Lost my feeling, so how will I know, (hold back your love)

If I'm dreaming where do I go, (hold back your love)

Lost my feeling, so how will I know, (hold back your love)

Hold back your love

Hold back your love

If you hold back your love

how will I know?

Hold back your love

Hold back your love

If you hold back your love

How will I know?

Hold back your love, You know that I've had my doubts

Hold back your love, Wanna see what I feel without

If you hold back your love, Every feeling is streaming out

How will I know? Now you know that I need it
