

White Lies - To Lose My Life

Tom: Db

Eb
 He said to lose my life or lose my love
Ab Eb
 That's the nightmare I've been running from
Eb Db Bb
 So let me hold you in my arms a while
Ab Eb
 I was always careless as a child
Eb Db Bb
 And there's a part of me that still believes
Ab Eb
 My soul will soar above the trees.
Eb Db Bb
 And now the desperate fear runs through my blood
Ab Eb
 That are dead loves buried beneath the mud
Eb E Gb Db
 Lets grow old together and die at the same time
Eb E Gb Db
 Lets grow old together and die at the same time

I said I got no time I have to go
 And I was more right then than I'll ever know
 He said my heart is fake well mines regrets
 Left him crying next to the chapel steps

Lets grow old together and die at the same time
 Lets grow old together and die at the same time
 He said
 Lets grow old together and die at the same time
 Lets grow old together and die at the same time
 You said

He said to lose my life or lose my love
 That's the nightmare I've been running from
 So let me hold you in my arms a while
 I was careless as a child
 And there's a part of me that still believes
 My soul will soar above the trees.
 And now the desperate fear runs through my blood
 That are dead loves buried beneath the mud
 And now the desperate fear runs through my blood
 That are dead loves buried beneath the mud
