

White Plains - My Baby Loves Lovin'

Tom: **Bb**

(forma dos acordes no tom de **G**)
Capostrate na 3ª casa

My baby loves love my baby loves lovin'
She's got what it takes and she knows how to use it
My baby loves love my baby loves lovin'
She's got what it takes and she knows how to use it
I was lonely once in this great big world
Just a nowhere man without his girl
Then one day she came my way

And she smiled at me as if to say

She's the only one makes me feel so good
She believes my love so I knock on wood
All my sorrows and fears seem to fly away
When she looks at me as if to say
My baby loves love my baby loves lovin'
She's got what it takes for me
No more lonely nights just waitin' for the
Telephone to ring
No more lonely days my baby's takin' care
Of everything I'm tellin' you people
