

Whitechapel - Hickory Creek

Tom: G
Intro: Bm Am Em G A

Bm
It's so hard to let go
You can hear me but I'm invisible
G
But if you dig out your eyes, maybe pain will subside
The worst that could happen is you never see me again
Em C Bm
But the worst is yet to come, my friend

Bm
This path I walk is comforting
G
But now I'm left to sing this song alone
Em Bm
I'm fading faster now

Bm
I left so long ago
You never noticed I was gone
G
Now that you don't have eyes, maybe now you'll realize
Within your own head, you're creating these lies
Bm
For what it's worth, you're still beautiful
Cm Bm

But beauty lies within the eyes

Bm
This path I walk is comforting
G
But now I'm left to sing this song alone
Em
I'm fading faster now
Bm
It's time to walk away with nothing left
G
Nothing left in my soul
Em Bm
I've faded into myself
