

# Whiteheart - I'll meet you there

tom:

Intro: Gb B E B

I feel the chill of Autumn's wind  
 Seasons changing once again  
 And every moment's best  
 Still one moment less we spend

Together my friend  
 I can't hold back these tears in my eyes  
 This time I won't even try  
 For time has come and gone, now we must move on  
 I'll admit I don't know why

Now we must say good-bye  
 To find our road ahead  
 Destiny leads us on to another place  
 But I'll meet you there someday  
 We chase the future into past  
 Only to find it never lasts

And by the time it's gone, the pain is so strong in the end  
 But listen my friend  
 Although we've lost what was before  
 Forever will bring us the chance once more  
 And in that time we'll see, what was meant to be  
 A special moment to cherish for all of our lives  
 And we'll know in time

Why we must say good-bye  
 To find our road ahead  
 Destiny leads us on to another place  
 But I'll meet you there  
 From the lives we all leave behind  
 We find there's much more ahead  
 The Father will lead us on to a better place  
 And I'll meet you there someday  
 I'll meet you there someday  
 I'll meet you there someday
