

Whitesnake - Take Me With You

Tom: A

Tabber: Nikola Samailovic Johnny
Album: Trouble 1978.

B Every time I see my baby home,
E
E I wanna kiss a little better so I get stoned
B
B Gonna spread her pretty legs so I can see,
E
E Sweet lip honey be the death of me
B
A And I will discover you'll be my midnight lover,
B
Oh babe, bring it on home to me.

B Sometimes when I'm feeling low,
E
E I go looking for a lover where the bad girls go
B
B Sorry little girl, If you can't stay,
E
E Your red light mama gonna show the way
A
And then a certain madness,
Will 'crease my heart with sadness
B

Oh babe, bring it on home to me

B D E Take me with you I will give you anything a woman needs,
B D E Take me with you I will give you anything a woman needs

I know love and what it means,
It's a skinny little girl in tight ass jeans
I love to hear'em moan and cry,
'Cos God made men to satisfy
And with the fire returning,
I feel the fever burning
Oh babe, bring it on home to me

Take me with you I will give you anything a woman needs,
Take me with you I will give you anything a woman needs
Oh, take me with you.

Every time I see my baby home,
I wanna kiss a little better so I get stoned
Gonna spread her pretty legs so I can see,
Sweet lip honey be the death of me
And I will discover you'll be my midnight lover,
Oh babe, bring it on home to me

Take me with you I will give you anything a woman needs,
Take me with you I will give you anything a woman needs
Take me with you.
