

# Why Don't We - Chills

tom:  
 Capotraste na 1ª casa  
 Gb (forma dos acordes no tom de F )

Cold laying on the floor  
 Long December nights are what I've been waitin' for  
 Pull my hand close to the fire

Shiverin', I'm shiverin', I can't stop  
 Give me the look, you know the one I want  
 I've been waiting for  
 It's so cold, it's so cold, yeah

I got chills when you walk  
 Chills when you talk  
 Chills every time you say my name  
 It's the way that it feels when we touch  
 I can't get enough  
 Love got me frozen in place

Baby, I got chills  
 Ooh, baby, I got chills  
 Ooh, baby, I got chills (yeah)  
 Arms wrapped around my neck ('round my neck)  
 You keep me warm  
 You are the spark igniting me again  
 Oh, I can't get enough of you, I'm (you, I'm)  
 Shiverin', I'm shiverin', I can't stop  
 Give me the look, you know the one I want  
 I've been waiting for (ooh)  
 It's so cold, it's so cold, yeah (it's so cold, it's so cold, yeah)

I got chills when you walk  
 Chills when you talk  
 Chills every time you say my name  
 It's the way that it feels when we touch  
 I can't get enough  
 Love got me frozen in place

Baby, I got chills (baby, I got chills)  
 Ooh, baby, I got chills (ooh, baby, I got chills)  
 Ooh, baby, I got chills (I got chills, I got)  
 I think about you every second of the day  
 My heart used to be so cold, the world used to be so grey  
 And I know seasons change but it felt like you never would  
 No one seemed to understand me but you understood  
 We could be royalty, I'll be your prince, yeah  
 Give you that loyalty, don't matter the distance  
 I'm a love you for who you are 'cause I like that you're different  
 Tell me anything you wanna say and I'll sit back and listen

Ah yeah (ooh)  
 And I know we're living busier days  
 And life is moving so fast, I feel like everything's changing  
 But when we kiss, I feel a jump in my heart  
 The same feeling that I felt from the start (ooh)  
 Yeah, baby, I got

I got chills (I got chills, no, oh no no, oh no no)  
 Ooh, baby, I got chills (ooh yeah, I got chills)  
 Ooh, baby, I got chills  
 Oh woah, oh woah, ooh-ooh  
 Ooh, baby, I got chills

## Acordes
