

# Why Don't We - Falling

tom:  
Capostrate na 4ª casa

Girls like you, they just don't understand  
 Didn't mean harm but you killed a man  
 Loving you never was in the plan  
 Stuck in your ways, I sink in your sand

I swear I saw you comin'  
 I'm a fool for wantin'  
 You don't wanna be rushed  
 You don't wanna be touched

It's a shame girls like you don't know how to love  
 Try to give you my all, but it's not enough

Can't you see that I'm falling  
 Can't you see that I'm falling, falling for you  
 Show me where your heart is  
 Can't you see that I'm falling, falling for you  
 Can't you see that I'm honest, and I want this  
 Can't believe that I'm falling, like this for you  
 Can't you see that I'm falling  
 I'm falling, falling for you

Ooh, ooh, ooh (falling, falling)  
 Ooh, ooh, ooh (falling, falling)

And it's crazy the things I would do for us  
 But the stars don't align, they're not here for us  
 It's a shame girls like you don't know how to trust  
 Wish my feelings would turn 'round from love to lust

I swear I saw you comin'  
 I'mma fool for runnin', yeah  
 You don't wanna be rushed

You don't wanna be touched  
 It's a shame girls like you don't know how to love  
 Try to give you my all but it's not enough

Can't you see that I'm falling  
 Can't you see that I'm falling, falling for you  
 Show me where your heart is  
 Can't you see that I'm falling, falling for you  
 Can't you see that I'm honest, and I want this  
 Can't believe that I'm falling, like this, for you  
 Can't you see that I'm falling  
 I'm falling, falling for you

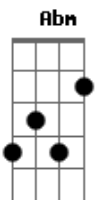

In my dreams, in my hopes  
 In my mind they remind me of you  
 Should've left when I could, can't get out  
 I don't know what to do

You can dig my grave, 'cause I can't be saved  
 Like a grain of sand lost in a tidal wave  
 In a broken place, no I can't be traced  
 Wish you handled my feelings in better ways

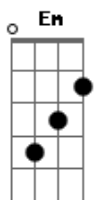

Can't you see that I'm falling (falling, falling for)  
 Can't you see that I'm falling, falling for you  
 Show me where your heart is (oh, oh)  
 Can't you see that I'm falling, falling for you (ooh)  
 Can't you see that I'm honest, and I want this  
 Can't believe that I'm falling, like this for you  
 Can't you see that I'm falling  
 I'm falling, falling for you

I'm falling for you  
 Ooh, ooh, ooh (falling, falling)  
 I'm falling for you  
 Ooh, ooh, ooh (falling, falling)
