

Why Don't We - Lotus Inn

tom:

 I saw you movin' on the dance floor
 I caught you lookin' over at me and my friends
 Got my attention, now I want more
 I think we both know how this night's gonna end
 The way that you move your hips to the rhythm of the beat
 You got me so nervous, think I need another drink
 But then you grabbed my hand, said, "Baby, come with me"
 This wasn't a part of the plan, no
 But you look, you look so perfect dancing next to me
 I wish the sun would look the other way
 'Cause I never want this night to end
 Baby, we could turn back time
 Do it all over again
 Tomorrow we can press rewind
 We're staying at the Lotus Inn
 Baby, we could turn back time
 Do it all over again
 Tomorrow we can press rewind
 I never want this night to end
 Played you this song up on the stereo (What? Yeah)
 You played it over and over again
 Before it even hit the radio, oh-woah-oh
 Now they spin it over and over again
 We've had a few good nights and a couple of bad ones

^G
 A few bad fights but I'm glad that they happened
 And at the ^{Bm} end of the night, I can honestly say
 I'd do it over and over and over again, yeah
 But you ^{Em} look, you look so perfect ^A dancing next to me
 I wish the sun would look the other way
 'Cause I never want this night to end
 Baby, we could turn back time
 Do it all over again
 Tomorrow we can press rewind
 We're staying at the Lotus Inn
 Baby, we could turn back time
 Do it all over again
 Tomorrow we can press rewind
 I never want this night to end
 Ayy-yeah, ayy-yeah-eh
 Ayy-yeah, ayy-yeah-eh
 Ayy-yeah, ayy-yeah-eh
 Oh yeah yeah, ee-yeah yeah, yeah yeah
 Baby, we can turn back time
 Do it all over again
 Tomorrow we could press rewind
 We're staying at the Lotus Inn
 Baby, we could turn back time
 Do it all over again
 Tomorrow we can press rewind (Oh yeah yeah, ee-yeah yeah)
 I never want this night to end (Yeah yeah, to end)
