

Why Don't We - Talk

tom:

Fm

It's not just me, no, you feel it too

You know and I know, we lost the lotto

It's like our love cut the line in two

We're on different sides though, lost in the echo

Our lips are moving, they're makin' words

Words turn to riddles, we make it worse

'Cause I'm not listening, and you're not listening, no

We try to fix it, it never works

We go, breaking up like cell phones

When I speak, 'cause you don't listen when I talk

Dial tone, nothing but that high note

When you speak, 'cause I don't listen when you talk

Ooh, yeah, don't think we'll ever get better, better

Gets worse with every letter, letter

Dial tone, nothing but that high note

On repeat, 'cause we don't listen when we talk

If we could speak like we're trying to

Share conversation, communication

I'm hearing me and you're hearing you

We're on different islands, just sounds of silence

Our lips are moving, they're makin' words
