I heard there was a special place
Where men could go and emancipate
The brutality and the tyranny

Wett this product of the Milbur, Tommy, Tubbo, fuck Eret E Am
It's a very big and not blow up L'Manburg

My L'Manburg
For freedom and for liberty
Our nation sought to build on these
A victory for all under our freedom
Well the darkness came and then it went

We built a home and watched it end

With bloodied hands and weakened knees
Our people rose like the phoenix

Our empty fields and canals
C G'Round L'Mantree
With sweat and tears we armed our ranks
We laid foundations in our land

We sing L'Manburg
