

Wilderado - Dogs

Tom: **A** (com acordes na forma de)

[Verse] Stranger to shores, heading off to Portland

Oh its going to far, just to feel important

Through the night we sleep alone, waiting for the morning to call us lazy

[Verse] We've still got our black jeans on, singing songs to lovely ladies

Runnin like Dogs, we're helpless lovers

We lay in the fog, and steal covers

I can still hear my fathers voice

It's so much colder, under covers

Telling me that I should slow down, slow down, slow down, slow down, slow down

The mornings alarm in ...(?)

[Outro] mm Mmmm mmmm M m m Mmm mm mm mm mmm mm mm

She's singing a song, says it makes her happy

People say we've been gone to long, dogs just have a way with leaving

[Chorus] Mmmm mmmm M m m Mmm mm mm mm mmm mm mm mm Mmmm mmmm M m m Mmm mm mm mm mmm mm mm mm Mmmm mmmm M m m Mmm mm mm mm mmm mm mm mm Mmmm mmmm M m m Mmm mm mm mm mmm mm mm mm
