

# Will Cullen - Just Miss You

tom:

A

Just yesterday hear someone say your name  
 I'd wanna put my fist through the wall  
 'Cause u tore me up broke my heart and my trust  
 The last thing I'd ever do is call  
 And maybe it's late and I'm drunk and that's why  
 All i want to do is see you tonight

Oh I used to hate you so much  
 I would tell my friends that you suck  
 Hope that someone else  
 Puts you through this hell  
 Made it easy to get over us  
 But now it's been a couple of months  
 And I don't want to  
 But I just, I just miss you

( A E D )

I can't explain why my feelings have changed  
 But silence with you is a war  
 'Cause you said goodbye and then twisted the knife

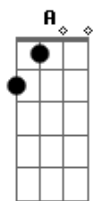

But right now I don't care anymore  
 Oh I used to hate you so much  
 I would tell my friends that you suck  
 Hope that someone else  
 Puts you through this hell  
 Made it easy to get over us  
 But now it's been a couple of months  
 And I don't want to  
 But I just, I just miss you

( Gbm E A Bm D )

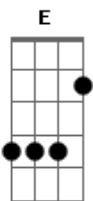

And maybe it's late and I'm drunk and that's why  
 All I wanna do is kiss you tonight

Oh I used to hate you so much  
 I would tell my friends that you suck  
 Hope that someone else  
 Puts you through this hell  
 Made it easy to get over us  
 But now it's been a couple of months  
 And I don't want to  
 But I just, I just miss you
