

Will Wood And The Tapeworms - Love Me Normally

[Primeira Parte]

In lipstick on the mirror
Are the lyrics to my obituary
In iambic pentameter, followed parameter
Crossing?my eyes, dot?my T's
I was delivered holding scissors
I live deliberately, I?m a quitter
And a winner anyway
Cause I never agreed to participate in this game
Won't follow my dreams
No, they?ve all got me waking up screaming
I can?t let them go for me
After all there is no ?I? in team

[Refrão]

And I'd rather be normal. Yes, so normal
I suggest that we keep this informal
?Cause a normal human being wouldn't need
To pretend to be normal, to be normal
Well I guess that's the least that I owe ya!
To be normal in a way I couldn?t be, yeah yeah
C?mon, c?mon, and love me normally
(F C Bb F Db)

[Segunda Parte]

If I could live in third person
Well I don?t think life would be
Much worse than it is
In the current tense, presently
This sentence ending with
Question marks or dot dot dot
Is it courageous or escapist
To leave the quarantine when you?re contagious?
It may just be a cold
And besides I don?t wanna get old yeah
I drank myself to death
To be the afterlife of the party

When the afterparty came
I was rolling in my grave
[Refrão]

And I'd rather be normal. Yes, so normal
I suggest that we keep this informal
?Cause a normal human being wouldn't need
To pretend to be normal, to be normal
Well I guess that's the least that I owe ya!
To be normal in a way I couldn?t be, yeah yeah
C?mon, c?mon, and love me normally
(F C Bb F Db)

[Ponte 1]

Now this is the part of the song
Where I like to talk to my audience
I like to tell 'em there's something I want
From you hep cats tonight
I want you to look to your left
Look to your right

Your 12 o'clock, three o'clock, six o'clock
Nine o'clock, rock around the clock tonight
And I want you to find those points of no return
Those singularities, those burning rings of fire
In the beautiful pupils and the beautiful eyes
Of the beautiful boy, girl, neither, both
Or in-between that you brought with you tonight
And I want you to tell 'em how you really feel
I want you to love the way they so seamlessly
Like a dream for me
So beautifully, oh so dutifully
Jam that square peg in the
Round hole in their hearts!

I want you to tell 'em that you love the way
That they don't stick out like sore middle fingers
That they crawl their way up the side of the bell curve
Stick their flag in the peak
And slide their way back down!
I want you to tell them that you love the way
That they're not maladaptive

Not malcontent
Not malignant or maleficent
But rather that you love them
Exactly the way that everybody else is!

[Ponte 2]

I was nothing before
So I couldn't have asked to be born
I'll be nothing again
So what am I between now and then?
Is there nothing to fear?
Cause shit's getting weird!
So to God who made this man
You better have one hell of a plan!
