Now this is the part of the song

I like to tell 'em there's something I want

A
From you hep cats tonight

E
I want you to look to your left

Ab
Look to your right

Your 12 o'clock, three o'clock, six o'clock
Dbm A
Nine o'clock, rock around the clock tonight

E
And I want you to find those points of no return
Ab
Those singularities, those burning rings of fire

Dbm
In the beautiful pupils and the beautiful eyes

A
Of the beautiful boy, girl, neither, both

E
Or in-between that you brought with you tonight

Ab
And I want you to tell 'em how you really feel

Dbm A
I want you to love the way they so seamlessly

E
Like a dream for me

Ab
So beautifully, oh so dutifully

Dbm
Jam that square peg in the

A
Round hole in their hearts!

E
I want you to tell 'em that you love the way

Ab Dbm
That they don't stick out like sore middle fingers

A
That they crawl their way up the side of the bell curve

E
Stick their flag in the peak

Ab
And slide their way back down!

Dbm
I want you to tell them that you love the way

A
That they're not maladaptive

Not malcontent

E
Not malignant or maleficent

Ab
But rather that you love them

Dbm
Exactly the way that everybody else is!

[Ponte 2]

A I was nothing before **B**

E So I couldn't have asked to be born **Dbm**

A I'll be nothing again **B**

E So what am I between now and then? **Dbm**

A Is there nothing to fear? **B**

Ab Cause shit's getting weird! **Dbm**

Gbm So to God who made this man

B You better have one hell of a plan! **C**
