[Verse 1]
Fm
Tearing the hair off a black baboon's skull
Here's a bitch with some 4000 names
Fm
Vomiting lies through her theremin throat
As some businessmen pick at her brains
Fm
Pulls back skinny lips
Fm
To reveal a proboscis
F Bbm
Seems Seth Brundle's at it again
C7 C7 C7 C7
Tears pages from spines as she judges the cover
C7 C7 Fm C7
And shamelessly spoils the end
Fm C7

[Verse 2]
Fm
Blood vessels drying and curling inside are
Fm C7
Unfurling from out of her wrists
Fm
While she wrings out a snake and collects all it's poison
Fm C7
Intending to learn it to hiss
Fm
Foams at the mouth with a head full of acid
F Bbm
And giving some poor illness the blame
C7 C7 C7 C7
Knocking the pieces the fuck off the chessboard
C7 C7 Fm C7
Insisting that she's won the game
Fm C7

[Chorus]
Fm
So all that I see absolute entropy
F Bbm
As the chemical bonds fall apart
C7
Well it seems she broke me
C7 Fm C7
But I swear she could not break my heart
Fm
So all that I see absolute entropy
F Bbm
As the chemical bonds fall apart
C7
Well it seems she broke me
C7 Fm
But I swear she can go fucking die

[Final]
C7 Fm
Go fucking die
C7 Fm
Go fucking die
C7 Fm
Kill yourself and go die

Fm
Makes up excuses for throbbing black bruises
Fm C7
And uses them to her advantage
Fm
Never came down from her last trip, oh Jesus
Fm C7
Disease is her primary language
Fm
Garbled and gruesome her words so absurd
F Bbm
Like a herd of transmissions from Apollo 13
C7 C7 C7 C7
No apology I request misery
C7
So no rest till I've
C7 C7 C7
Twisted her chest round my knee
[Verse 4]
Fm
So squeal like a trolley wheel, cry like a baby
Fm C7
With autism strapped to a ceiling fan
Fm
C7
Soil your visage with mucus and twisting of features unable to stand
Fm
Buckle your knees looking up at me
F Bbm
And beg me to spare thee the back of my hand
C7 C7 C7 C7
For sake of humanity die of your blight
C7 C7 C7 C7
We're blessed, you're barren as Mojave sands

[Chorus]
Fm
So all that I see absolute entropy
F Bbm
As the chemical bonds fall apart
C7
Well it seems she broke me
C7 Fm C7
But I swear she could not break my heart
Fm
So all that I see absolute entropy
F Bbm
As the chemical bonds fall apart
C7
Well it seems she broke me
C7 Fm
But I swear she can go fucking die

[Final]
C7 Fm
Go fucking die
C7 Fm
Go fucking die
C7 Fm
Kill yourself and go die
