```
Intro: Gbm E D A Dbm E A
             Gbm
You can write your own ticket now
I'll get by without you somehow
Gbm E D
Don't you worry 'bout what I'll do
Dbm E
I'll be fine without you
A Gbm
You say you think the change will do you good
If you feel that way well I guess it would
Gbm E
I can live my life without you
I've got places to go and things to do
But I'll never be in love again
          Dbm D
My poor old heart will never mend
Oh I'll find someone to hold now and then A Dbm E A
But I'll never be in love again
```
