

# Willie Nelson - Are You Sure

Tom: **D**

Oh, look around you **D**

Look down the bar from you

The lonely faces that you see **G** **A**

Are you sure that this is where you want to be **A7** **D**

These are your friends

But are they real friends

Do they love you the same as me **G** **A**

Are you sure that this is where you want to be **A7** **D**

You seem in such a hurry to live this kind of life **G** **D**

And you've caused so many pain and misery **E** **A**

Look around you, take a good look **D**

Just between you and me **G** **A**

Are you sure that this is where you want to be **A7** **D**

Please don't let my tears persuade you, **G**

I had hoped I wouldn't cry **D**

But lately, teardrops seem a part of me **E** **A**

Oh, look around you, take a good look **D**

At all the lonely used-to-be's **G** **A**

Are you sure that this is where you want to be **A7** **G** **Gbm** **E**
