

# Willie Nelson - Whiskey River

tom:  
 Whiskey River take my mind  
 Don't let her memory torture me  
 Whiskey River don't run dry  
 You're all I've got take care of me  
 I'm drowning in a whiskey river  
 Bathing my mem'ried mind  
 In the wetness of its soul  
 Feeling the amber current  
 Flowing from my mind

And leaving a heart you left so cold  
 Whiskey River take my mind  
 Don't let her memory torture me  
 Whiskey River don't run dry  
 You're all I've got take care of me  
 I'm drowning in a whiskey river  
 Bathing my mem'ried mind  
 In the wetness of its soul  
 Feeling the amber current  
 Flowing from my mind  
 And leaving a heart you left so cold
