Willie Nelson - You allways hurt the one you love

Tom: D

```
   A7  D       D7M            D
You always hurt the one you love

    D         D7M    D7       Em7    A7
The one you shouldn't hurt at all;

    Em       B        Em7       Em
You always take the sweetest rose

    Em7       B         A    A7   D   Fdim  A7
And crush it till the pet - als fall;

    D        D        D7M    D
You always break the kindest heart

        Em    Em7      G     A7sus4  A7
With a hasty word you can't re-call;

    D   D7M                         D
So if I broke your heart last night,

(First Time:)

        G      G       A        D   D7M Em7 A7
It's because I love you most of all.

(Last Time:)

        G      G       A    A7   D   Bm7  Gdim   D
It's because I love you most of all.
