

# Willis - I Think I Like When It Rains

tom:

**Gbm**

I think I like when it rains  
 You told me to go to the light

**A** **Bm**

And what it's like to feel your pain  
 Now I'm okay if you're alright

**D7M** **D7** **A** **Bm**

I start to wonder why I came  
 I dreamed of things you said to me

**D7M** **D7** **A** **Bm**

We stayed at your place while it rains  
 We talk and we laugh and watch TV

**D7M** **Dm**

And I couldn't find the words  
 I couldn't think of what to say

**D7M** **Dm**

And all that I can do is stop

And think about the days  
 When all we used to dream about  
 Was meeting after school

**D7M** **Dm** **A** **D7M**

And we would go on home  
 And start right back again

**A** **Bm**

I think I like when it rains  
 Call up some friends and have some fun

**D7M** **D7** **A** **Bm**

Oh lord I wish things were the same, nowadays  
 We'd go back to your place and we're done

**D7M** **D7** **A** **Bm**

And I got nothing else to blame  
 I wish the words would come to me

**D7M** **D7** **A** **Bm**

We stay at your place while it rains  
 We party while your mom's asleep
