

Willis - I Think I Like When It Rains

tom:

Gbm

I think I like when it rains **A**
D7M **D7** **A**
 You told me to go to the light **Bm**

And what it's like to feel your pain
D7M **D7** **A**
 Now I'm okay if you're alright **Bm**

I start to wonder why I came
D7M **D7** **A**
 I dreamed of things you said to me **Bm**

We stayed at your place while it rains
D7M **D7** **A**
 We talk and we laugh and watch TV

D7M **Dm**
 And I couldn't find the words **A**

I couldn't think of what to say
D7M **Dm**
 And all that I can do is stop **A**

And think about the days
D7M **Dm**
 When all we used to dream about
A
 Was meeting after school
D7M
 And we would go on home
Dm **A**
 And start right back again

A **Bm**
 I think I like when it rains
D7M **D7** **A**
 Call up some friends and have some fun **Bm**

Oh lord I wish things were the same, nowadays
D7M **D7** **A**
 We'd go back to your place and we're done **Bm**

And I got nothing else to blame
D7M **D7** **A**
 I wish the words would come to me **Bm**

We stay at your place while it rains
D7M **D7** **A**
 We party while your mom's asleep
