

Willis - I Think I Like When It Rains

tom:

Gbm

I think I like when it rains **A**
 You told me to go to the light **D7** **A** **Bm**

And what it's like to feel your pain **Bm**
 Now I'm okay if you're alright **D** **D7** **A** **Bm**

I start to wonder why I came **Bm**
 I dreamed of things you said to me **D** **D7** **A** **Bm**

We stayed at your place while it rains **Bm**
 We talk and we laugh and watch TV **D** **D7** **A**

And I couldn't find the words **D** **Dm**
 I couldn't think of what to say **A**
 And all that I can do is stop **D** **Dm** **A**

And think about the days **D** **Dm**
 When all we used to dream about **A**
 Was meeting after school **D**
 And we would go on home **Dm** **A**
 And start right back again **Bm**

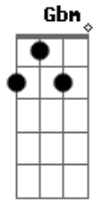

I think I like when it rains **A** **Bm**
 Call up some friends and have some fun **D** **D7** **A** **Bm**

Oh lord I wish things were the same, nowadays **Bm**
 We'd go back to your place and we're done **D** **D7** **A**

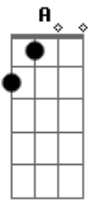

And I got nothing else to blame **Bm**
 I wish the words would come to me **D** **D7** **A** **Bm**

We stay at your place while it rains **Bm**
 We party while your mom's asleep **D** **D7** **A**
