

Willow Smith - Grow (feat. Avril Lavigne)

tom:

E

[refrão]

E

I been putting work in

Healing myself

Still got room to grow

I been really searching

Emotional wealth

Honestly my heart is broke

I just need to

Grow grow grow

Grow grow grow

Grow grow grow

I just need ah

I just need to grow

[primeira parte]

Every time i look at my face

I feel everything it's the

Same growing pains cause no

One ever truly knows just

Who they are and i feel

Closer knowing i don't have

To hide my scars i hope you

Know you're not alone

Being confused ain't

Right or wrong you'll find

That you're your own best

Friend and no that ain't

A fucking metaphor

[refrão]

E

I been putting work in

Healing myself

Still got room to grow

I been really searching

Acordes

Emotional wealth

Honestly my heart is broke

I just need to

Grow grow grow

Grow grow grow

Grow grow grow

I just need ah

I just need to grow

[segunda parte]

Every time i look at my face

I can't help but feel like

I've lost my way cause no one

Ever truly knows just who

They are and i feel closer

When i am laying looking at

The stars i hope you know

You're not alone being

Confused ain't right or wrong

You'll find that you're your

Own best friend and no that

Ain't a fucking metaphor

[refrão final]

I been putting work in

Healing myself

Still got room to grow

I been really searching

Emotional wealth

Honestly my heart is broke

I just need to

Grow grow grow

Grow grow grow

Grow grow grow

I just need ah

I just need to grow
