

Willow Smith - Lipstick

tom:

Gm
Lipstick on a mirror

Gm Dm
Saying who you want to be

Gm
Vision gets dimmer

Dm
The room is closing in on me

Oh

Gm
I'm feeling far away, no space, no time

Dm
Looking at life through a blue bird's eye

(I'm flying, I'm flying, I'm flying, I'm flying)

Gm
And I went up so far, I took my time

Dm
Tell me why I couldn't ever find cloud nine

(Alright, alright, alright, alright)

Gm A
I spread my wings

Gm A
The song they sing

Gm A
I owe it all to you

Gm A
I owe it all to you

Gm
It just smoke and mirrors

Dm
They said it's gonna take some time

I think we live in a labyrinth

Dm
That was created by my mind

Oh

Gm
I never wanted to just suffer inside

Dm
Hurt don't heal when I'm always tryna hide

(That's right, that's right, that's right, that's right)

Gm
And I'm looking at pain like my old close friend

Dm
Open arms for her when I see her again

(That's right, that's right, alright, alright)

Gm A
I spread my wings

Gm A
The song they sing

Gm A
I owe it all to you

Gm A
I owe it all to you

Gm
Flying

Fly, fly, flying

Went up so

Went up so far

Fly, flying

Flying

Acordes
