Tom: A

m [Intro] Am C F

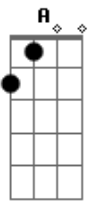

Am E
Romance doesn't exist
Am F E
It's a hoax to trick your mind into thinking perfection exists
Or absence of suffering
Am F F E E
Am F E
Stop leading girls to the clouds above, it's so distracting
Am F E
We can't focus on self-love

(Am F E)
(Am F E)
(Am F E)
(Am F E)

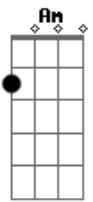

Am F E
Morality doesn't exist
Am E
It's a construct we breed into children who see
Am F E
We create our paradigms, we create all our lives
Am F E
Ancient biology, evolving psychologies
Am F E Am F Ab
All here in this moment
Am F E
I want to know you like i know myself
Am F E
But it would be just as confusing in hell
Am F E Am E
I'm imagining a different history
Am C F
Imagine us in our field
Am C F
Feasting on mountains that stretch very high
With the skies, the color of bruises and cuts
C Am

Oozing and bleeding all over the sun
E C Am C Am
Slowly, your hand caressing my thigh
E G C Am C Am
Slowly, your eyes connecting with mine
G C F Dm Am
Oooh ahhh ohhh, lays me
C Am
Gingerly on my back
C F E
The fall of the edge consumes me
C F Em C F
I'll never make it back to this moment
Am C Am Em C F
To this moment, to this moment
Am G F
To this moment
Am E
I want to know you like i know myself
Am E
But it would be just as confusing in hell
Am F E Am F E
I'm imagining a different history
Am C Am
Where man and women stay equal
C Am C
In the eyes of society
Am C
Where we don't condemn different people
C Am
For exercising their freedom
C Am C Am
Where sex is sacred and an act of divine love
C Am G Am
In a perverted into violence and lust
C Am
Where we still honor our mother
Am
And all of her burgeoning light
C Am
Where we do not kill our brothers
C Am
Or rape our sisters or enslave any life
