

# Wilson Hawk - Stay

tom:

Intro: D D7M G Gm

D  
I know you heard it all before  
D7M  
I know the words don't seem to change it  
G Gm  
I can see the doubt in your eyes, but I still conceive  
D  
That something good is gonna come  
D7M  
I know that we both have waiting for so long  
G Gm  
And I can feel it in my heart, I feel it in my soul, and I believe

D

D7M

That if you stay, stay with me tonight

D D7M  
Stay where you are Sometimes you search and you go too far  
G  
And the things you want, the things you need  
Gm  
are right here, where you are

D D7M  
So won't you stay, stay with me tonight

D D7M  
If you stay, stay with me tonight

G Gm  
You don't have to think about it If you believe, it's right

D  
Stay with me tonight

## Acordes
