

Wings - After The Ball / Million Miles

tom:
D
[Primeira Parte]

After the ball
After the ball!
You were the one
Out in the hall!
You were the one
The one who would love me
After the ball

After the ball
After the ball!
You were the one
Out in the hall!
You were the one
The one who would love me
After the ball

Well, I arrived, looked around
But the room was full of strangers
Nowhere was a friendly face to be found!
Later on, I awoke
But the party, it was over
There you were, waiting to bring me 'round!

After the ball
After the ball!

You were the one
Out in the hall!
You were the one
The one who would love me
After the ball

After the ball
After the ball!
You were the one
Out in the hall!
You were the one
The one who would love me
After the ball

[Segunda Parte]
How many million miles, day-oh?
How many million miles, day-oh?

When I get up, up, up!
In the morning
Oh lord, I know
When I look up, up, up!

In the evening
Oh lord, I know

[Final]
How many million miles, day-oh?
How many million miles, day-oh?
How many million miles, day-oh?

Acordes
