

# Wings - She's My Baby

tom:

**C**  
My baby... she comes out at night  
She's takin' me by surprise  
She's my baby

**C** **F**  
Like gravy, down to the last drop  
I keep mopping her up oh yeah  
She's my baby

**F** **Fm**  
She's a baby in the morning time  
When the sleep is in her eyes  
And the world is waking up, she has arisen  
Oh, believe me I ain't lying  
She's a woman

**F** **Fm**  
She's the lady in the evening tide  
When the stars are in the skies  
That's the time she changes back into a kitten  
Oh believe me I ain't lying

**C** **F**  
She's my baby... she comes out at night  
She's takin' me by surprise  
She's my baby

**C** **F**  
Like gravy, down to the last drop  
I keep mopping her up, yeah, yeah, yeah

She's my baby
