

Wings - She's My Baby

tom:
 My baby... she comes out at night
 She's takin' me by surprise
 She's my baby

Like gravy, down to the last drop
 I keep mopping her up oh yeah
 She's my baby

She's a baby in the morning time
 When the sleep is in her eyes
 And the world is waking up, she has arisen
 Oh, believe me I ain't lying

She's a woman
 She's the lady in the evening tide
 When the stars are in the skies
 That's the time she changes back into a kitten
 Oh believe me I ain't lying

She's my baby... she comes out at night
 She's takin' me by surprise
 She's my baby

Like gravy, down to the last drop
 I keep mopping her up, yeah, yeah, yeah

She's my baby
 Well, she's a baby in the morning time
 When the sleep is in her eyes
 And the world is waking up, she has arisen
 Oh, believe me I ain't lying
 She's a woman
 She's the lady of the evening tide
 When the stars are in the skies
 That's the time she changes back into a kitten
 Oh, believe me I ain't lying

She's my baby... she comes out at night
 She's takin' me by surprise
 Yeah, she's my baby

Oh, like gravy, down to the last drop
 I keep mopping it up, mopping it up, yeah
 She's my baby
