Dbm A E (Repete até o final)

Smoking one and rolling one  
I come and break you down for fun  
You love it when I get up in it  
Kiss your body when I'm finished  
My drop is biomatic  
My drop top is automatic  
Put you in it, now you tweaking  
I can have you for the weekend  
Rolling up and going up  
I'm smoking weed and pouring up  
I take that money, load it up  
I take your legs and fold em up  
I take my time, I break it down  
I tell you not to make a sound  
I take that KK and pass it round  
Your clothes keep dropping to the ground

So don't let me down  
You made those promises  
Don't take em back now  
Don't let me down  
Do all the things you said that had me going  
Let's get caught in the moment  
Let's get caught in the moment
