Verso 2:

Hella hoes in my car, they wanna feel that maximum speed  
 Never had an absence of weed  
 Tired of being at the bar, everything Louie V,  
 Plus the most exclusive treat in my jar  
 Making my bank, spending it all  
 and that expensive shit you paid for, she had it on  
 She taking it off, most of these niggas just talk and taking  
 it off  
 Back in the day money was short, I'm making it taller  
 you know what I mean, some say it's a problem  
 Blowings my greens, not saving my collards  
 No NBA, they say I'm a baller  
 Live for today, it's not like my father
