Intro: G C G C G C G C

G C G G Gb F

Been on this boat for almost 20 days

20 days is long time on boat

I've had nothing to do but watch the waves

Count each on of my dying days

I once had a child I once had a wife

I lost everything I loved In just one night

Now I'm just a hope'n the rumors are true

When I see Lady Liberty I better be through

They say there's freedom in New York

That the buildings grow tall and hope lines the walls

They say there's freedom in New York

G F Am

That its the closest thing to home I'll ever know

That its the closest thing to home I'll ever know

( G F Am G )

Today I got off the boat

Off the boat and into the fire as they say

You gotta fight hard to keep your shoes shined

Let alone stay alive in a city this grand

They say there's freedom in New York

And wow those buildings really are quite tall

They say there's freedom in New York

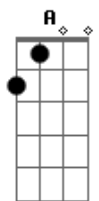

God I've never felt so damn small

No god I've never felt so damn small

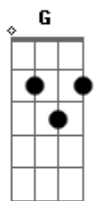

God I've never felt so damn small

[Final] G F Am
