

Worst Party Ever - Trying Soda (I Know You So Well)

tom:
 D (forma dos acordes no tom de E)
 Afinação: D G C F A D

I'll find a way to your house
 It's dark and it's raining, it's nice out
 I'll bite my tongue when your friends around
 We'll meet at a mall in a new town
 I can't believe that it's dark out
 It's 6:45 and my headlights
 Are telling me I have to go now
 My car likes to slide when it's wet and
 My hands are still cramping
 Less than they were when around you
 I tense all my muscles to your view
 Spend all my time trying soda

To tell myself I'm just as new to you
 Anxiety likes to control us
 You comfort the fact that you're still you
 I am afraid that I know you
 I'm just afraid that I know you
 I'm just afraid that I know you so well
 You'll find a place with a backyard
 A place that you can still run to
 Drinking a lot in the morning
 Knowing that it's gonna kill you
 I'll find a way to go home now
 Under a bridge self-loathing
 You can't survive without caffeine
 Your friends aren't enough to be happy, I swear
 Your friends aren't enough to be happy, I swear
