We didn?t even make it past the kitchen light		E
Gbm		You?re going out
You could break my heart		E
Gbm		And I?m going solo
I know that you tried		D
E		Walking round town

E		With my hands in my pockets
When it?s raining outside		D
D		Hoping I see you
Kept my window open		D
D		But not counting on it
Since our last encounter		Gbm
D		I tried to move on but it never seemed right
Can?t stop thinking bout		E
D		And I broke my own heart
How we fucked in the shower		E
Gbm		A few fuckin times
You?re blushing your cheeks		D
Gbm		I know it aint fair
And I?m falling for it		D
E		To somebody new
Cause everything sweet		D
E		Can?t let go of the love I still have for you
Comes with a warning		Gbm
D		A couple of seasons
I?ll keep you close		Gbm
D		A couple of bodies
But don?t tell my mother		E
D		A couple of tears
We sleep without clothes		E
D		And you finally call me
Under my covers		D
Gbm		?lover I?ve missed you?
Now you ditch your party		D
Gbm		You don?t even know
And thats when you call me		D
E		?do you think there?s some place we could go?
And none of your friends		Gbm
E		And I love the way that she talks real quiet
Have a clue where you?re going		E
D		You know she?s afraid but can?t keep it inside
So where are we going?		A
		And I think she might be the love of my life
		D
		But how we ever gonna know
		D
		If we keep it on the low,
