

Xande de Pilares - Ufc

Tom: C

G7M
 Calma,
 Respira me deixa falar, amor não é UFC,
 Então não venha me encarar,
 Porque eu não vou corresponder,
 Você prefere esperar do que sentar e resolver,
 Levando as coisas pro lugar.

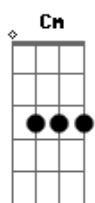

G7M
 Deixa,
 Seu sangue azul esfriar e a sua estrutura ceder,
 Que a gente se encontra no bar,

Pra rever o que tem que rever,
 São tantas coisas pra falar,
 Mas só Deus sabe qual vai ser então me deixa respirar.

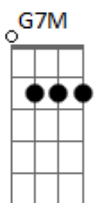

Bbm7(5b) Ih em um choque de opinião,
 Não precisa dizer palavrão, esse monte de coisa ruim,
 Bbm7(5b) Sei que uma briga não segue o padrão,
 Mas te falta é educação das pessoas que servem pra mim

 Acabou, nocauteou, finalizou, desmoronou,
G7M **A** **C** **G7M** **C**
 Acabou, tonteou, machucou não me amou.
