

# Xote dos Amigos - Céu Laranja

Tom: A

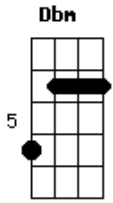

E quando a luz do sol encontra a natureza  
 Eu vejo o brilho do teu olhar  
 E o som do mar que não combina com tristeza  
 É a tua voz soando pra cantar  
 E se todo amor funcionasse assim  
 O mundo seria bem melhor

É só escutar o que a natureza  
 Quer dizer pra nós  
 Vamos ficar com o céu laranja  
 Esperando a lua  
 Brilhando o pôr do sol nesse mar  
 Eu vou encostar minha boca na tua  
 Pro nosso sonho realizar
