

Yara Meyers - Lower Down The Bridge (Feat. Nathalie Hedin)

tom:

C Am F C G

Every time you need me
I'm telling you I'm here to stay
But looking at your castle
I'm pretty sure you're safe but still afraid

Am F C G C

I'm walking in your garden
Knowing what you're dreaming of
Past the copper statues
Of everyone you've ever loved

Lower down the bridge and let me in, will you?

You'll never get to know me from within, will you?

C Am F C G
C Am F C G

So you've been fighting demons
I promise, I will break the spell
You don't need that armor
Even though you wear it well

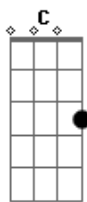

Lower down the bridge and let me in, will you?
You'll never get to know me from within, will you?

Lower down the bridge and let me in, will you?
You'll never get to know me from within, will you?
