

# Years & Years - Worship

Tom: G

Wanna I be here tonight  
 Wanna hide in your light  
 Wanna cover my eyes,  
 I feel you reflecting me  
 I worship all that you see

Can I still make it right?

Can I be what you like?

Can I keep up this fight?

I hope that you'll never know  
 Why I need your control

(I'm holy, I want you to know)

You're all I need to survive

Blind devotion

(I'm holy, I want you to know)

And you'll be my sacrifice

Say you love what I love

I worship our praises,  
 My longing drives me crazy for you  
 My kingdom for your graces

I'm not gonna tell nobody, I'm not gonna tell nobody 'bout you  
 I'm not gonna tell nobody 'bout you

Gotta hold my head up,

Gotta move for her touch

Gotta keep my lips shut

I do what you tell me to

Cause in darkness I follow you

I follow you!

(I'm holy, I want you to know)

You're all I need to survive

Blind devotion

(I'm holy, I want you to know)

And you'll be my sacrifice

Say you love what I love

I worship our praises,  
 My longing drives me crazy for you  
 My kingdom for your graces

I'm not gonna tell nobody, I'm not gonna tell nobody 'bout you  
 Just tell how I can prove

I'm the one for your fire, and I'll take you higher

I'll do it for you, and you can worship me too
