

# Yellow Days - A Little While

Tom: **B**

Intro: **Abm Bbm**

**Abm** **Bbm**  
Broken by the love

**Abm**  
This hurt divides itself

**Bbm** **Abm**  
Decided that kissing you is bad for my health

**Bbm**  
So I'm gonna ride

**Abm**  
I'm going the other way

**Bbm**  
I would've told you why

**Abm**  
If there was any space for me

**Bbm**  
To say, to say

**Ebm** **Bbm**  
Oh don't you see it now?

**Abm** **Bbm**  
I'm staying for a little while  
**Ebm** **Bbm**

Oh don't you see it now?

**Abm** **Bbm**  
I'm staying for a little while

I looked you right in your eye  
And asked you why it has to be this way  
I don't know

And to my surprise, you did say  
This is just you and I babe  
You and I babe

Oh don't you see it now?

I'm staying for a little while  
Oh don't you see it now?  
I'm staying for a little while

So I'm gonna ride

I'm going the other way  
I would've told you why  
If there was any space for me  
To say, to say

Oh don't you see it now?

I'm staying for a little while  
Oh don't you see it now?  
I'm staying for a little while
