

Yellowcard - Always Summer

Tom: E

Verse 1:

I think I have everything I need

It got dark but now I think I see

The world around is full of arms still reaching out to me

I hear the notes and belt them back to you I feel loved I'm burning like a fuse

I'm not afraid cause I know I've got nothing left to lose

Chorus 1:

I just want to say I know I let you down but I'm ready now And I found a way that I can tell the truth make it up to you

forgiving me again You'll never know how real to me you've been

This is a start another empty page where I begin

Chorus 2:

I just want to say I know I let you down but I'm ready now And I found a way that I can tell the truth make it up to you I left home but there's one thing that I still know Its always summer in my heart and in my soul
