

Yellowcard - Back Home

Tom: D

(Intro) Bm,A,D
Bm,A,D,G,B,D

Solo da introdução

D A G
Don't know what I was looking for when I went home, I found me
alone

D A G
And sometimes I need someone to say, "You'll be all right.
What's on your mind?"

D G D
But the water's shallow here and I am full of fear, and empty
handed after two long years

D G
Another sunny day in Californ-i-a

D G
I'm sure back home they'd love to see it

D G
But they don't know that what you love is ripped away

A G
Before you get a chance to feel it

Bm,A,D,G,B,D.....

D A G
Back home I always thought I wanted so much more, now I'm not
too sure

D A G
Cause sometimes I miss knowing someone's there for me and
feeling free

D G D
Free to stand beside the ocean in moonlight

G
And light myself a smoke beneath the dark Atlantic sky

D G
Another sunny day in Californ-i-a

D G
I'm sure back home they'd love to see it

D G
But they don't know that what you love is ripped away

A G
Before you get a chance, before you get a chance to feel it

B D G
Everybody here is living life in fear of falling out of line

B D G
Tearing lives apart and breaking lots of hearts just to pass
the time

B D G
And the eyes get red in the back of your head, this place will
make you blind

B D G B D
Put it all behind me and I'll be just fine

Another sunny day beneath this cloudless sky

Sometimes I wish that it would rain here

D G
And wash away the west coast dreaming from my eyes

D G
There's nothing real for them to see here

D G
Another starry night in Californ-i-a

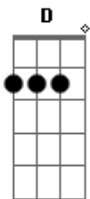

D G
I'm sure back home they'd love to see it

D G
But they don't know that what you love is ripped away

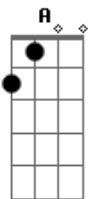

A G
Before you get a chance, before you get a chance to feel it

Bm,A,D,G,B,D.....
