

Yellowcard - Firewater

Tom: E

E B Db A
 You sat me down beside myself

E B Db A
 To show me all the reasons I was wrong for you

E B Db A
 Was this for real? It's hard to tell

E B Db A
 'Cause it was such a beautiful mess we had got
 into

E B Db A
 I'm gonna overcome this, paper hearts can't win this time

E B Db A
 And all along I should have known this wasn't
 your dream, it was mine

E B Db A
 I know you wanted me to give up this life to be

E B Db A
 Everything I was back when you had the hands my
 heart was in

Db B A B
 I was never good at goodbye...

E B Db A
 Can I swallow this bottle whole?

E B Db A
 So this brain in my head can forget your face

E B Db A
 When we were starting out, you believed in me
 without a doubt

E B Db A
 You were the finest thing to happen to a boy like me

E B Db A
 It's so much harder now, I wanna try and tell you how

E B Db A
 There is so much love in me, even though it's hard to see

Db B A B
 And I was never good at goodbye...

E B
 Can I swallow this bottle whole?

Db A
 So this brain in my head can forget your face

E B
 Can I swallow this bottle whole?

Db A
 'Cause I'd rather be dead than make more mistakes

E B Db A
 Today I couldn't stay awake

E B Db A
 Feels like I'm drowning in this firewater lake

E B Db A
 I won't be sleeping much tonight

E B Db A
 It's not the same without you lying by my side
 (Right beside me)

E B
 Can I swallow this bottle whole?

Db A
 So this brain in my head can forget your face

E B
 Can I swallow this bottle whole?

Db A
 'Cause I'd rather be dead than make more mistakes

E B Db A
 I know you wanted me to give up my life to be
 (Can I swallow this bottle whole?)

E B Db A
 Everything I am when you're the only thing that I can see
 (Can I swallow this bottle whole?)

E B Db A
 I'm sorry but you're not the, not the only one for me

(So this brain in my head can forget your face)

E B Db A
 You left me here beside myself

E B Db
 Left me with all the reasons why I was wrong for
 you
