

# Yellowcard - Rough Draft

Tom: A

Acoustic

-----

Tab by Jay Bartholomew

This song is kind of complicated because they use a lot of suspension chords. And with those they mess around with them too. The tab is accurate so follow it closely and listen to the song A LOT to get it. Also... let me know if you actually use this tab. It took a long time and I'd like to know if anyone even used it. My email is
