

# Yo La Tengo - You've Got a Friend

tom:

Intro: E E Ebm Ab7

When you're down and troubled  
 And you need a some love and care  
 And nothing  
 Nothing is going right  
 Close your eyes and think of me and soon  
 I will be there  
 To brighten up even your darkest night

You just call out my name and you know wherever

I am I'll come running to see you again  
 Winter, spring, summer or fall all you

Have to do is call and I'll be there

You've got a friend

If the sky above you should turn

Dark and full of clouds and that old north

Wind begin to blow

Keep your head together and call my name  
 Out loud/ Soon I'll be knocking upon your door

You just call out my name and you know wherever

I am I'll come running to see you again

Winter, spring, summer or fall all you

Have to do is call and I'll be there

Now ain't it good to know that

You've got a friend when people can be so cold

They'll hurt you, yes, and desert you

They'll take your soul if you let them

Ooh, but don't you let them

You just call out my name and you know wherever

I am I'll come running to see you again

Winter, spring, summer or fall all you

Have to do is call and I'll be there

You've got a friend
