

Yo La Tengo - You've Got a Frind

tom:

Intro: E Ebm7 Ab7

When you're down and troubled
And you need a some love and care
And nothing
Nothing is going right
Close your eyes and think of me and soon
I will be there
To brighten up even your darkest night

You just call out my name and you know wherever
I am I'll come running to see you again
Winter, spring, summer or fall all you
Have to do is call and I'll be there
You've got a friend
If the sky above you should turn
Dark and full of clouds and that old north
Wind begin to blow

Keep your head together and call my name
Out loud soon I'll be knocking upon your door

You just call out my name and you know wherever
I am I'll come running to see you again
Winter, spring, summer or fall all you
Have to do is call and I'll be there
(E Gbm7 B)

Now ain't it good to know that
You've got a friend when people can be so cold
They'll hurt you, yes, and desert you
They'll take your soul if you let them
Ooh, but don't you let them

You just call out my name and you know wherever
I am I'll come running to see you again
Winter, spring, summer or fall all you
Have to do is call and I'll be there
You've got a friend
